

HWP-125GS

Grapple

Here is the long-awaited Halverson Wood Products' Grapple Saw! Perfect for those that have outdoor boilers that do not split their wood. It is also the perfect processor for those large diameter logs that are too large to fit on our normal processor.

The Grapple Saw also works great storm cleaning up where trees have been blown over, allowing the grapple saw and skid steer to do all the work!

The Grapple Saw and Firewood Processors of Halverson Wood Products in Pine River, MN truly make the job of processing firewood, hassle-free.
